

Issue recurring - task #41

Exception while it tries to copy issues

2023-05-29 06:00 - sankethpb

Status:	closed
Priority:	support
Assignee:	cryptogopher
Category:	
Target version:	1.6
Redmine version:	5.0.x
Description	
<p>We get below exception when renew_all command is used. Kindly support to resolve this.</p>	
<pre>RAILS_ENV=production bundle exec rake redmine:issue_recurring:renew_all</pre>	
<p>Recurring issue Bug #93: Recurr - creating recurrence at {:start=>Sat, 27 May 2023, :due=>nil} ...exception raised. Check output for errors. Either there is bug you may want to report or your db is corrupted. rake aborted! History

#1 - 2023-05-29 06:50 - sankethpb

Seems to be overall compatibility or alias issues in issues_recurring

https://github.com/AlphaNodes/additional_tags/issues/28

#2 - 2023-05-29 22:52 - cryptogopher

- Status changed from new to closed

This is a known problem with temporary workaround available here: [#30#note-3](#). More information available here:

https://github.com/AlphaNodes/additional_tags/issues/9#issuecomment-778642718

Some plugins use outdated alias_method and unless they decide to upgrade - they remain incompatible with plugins using prepend + super (including issue_recurring).

#3 - 2023-06-08 15:24 - admin

- Priority changed from bug to support

#4 - 2023-06-08 15:30 - admin

- Tracker changed from 3 to task
